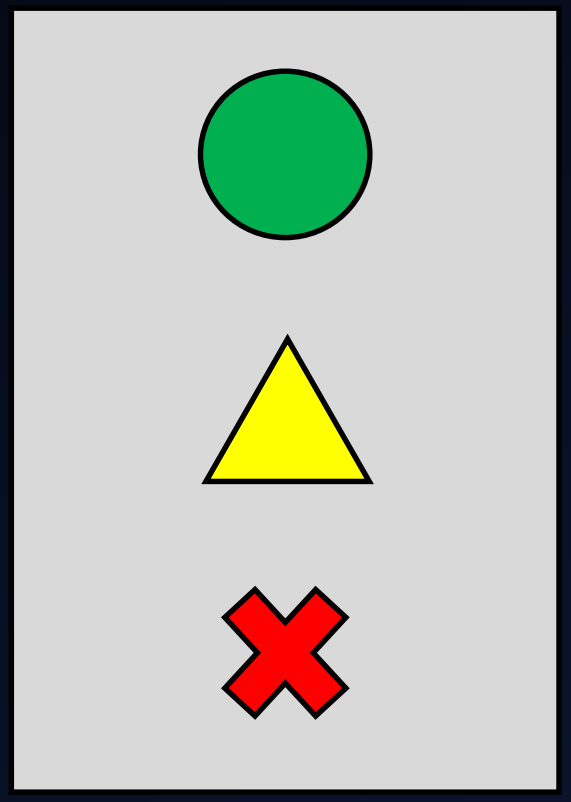
Back End Lead

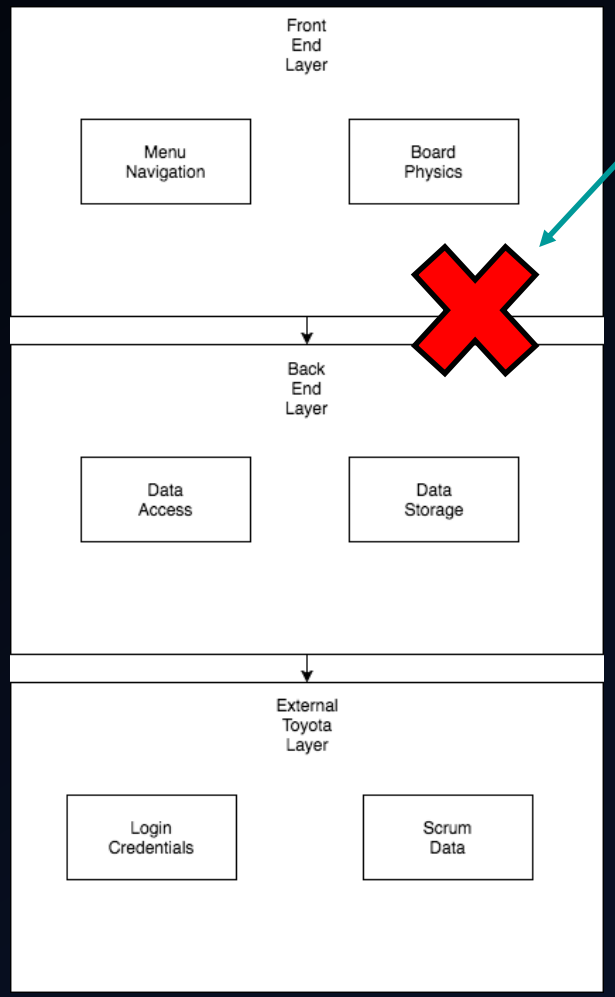
# Problem Statement

# Proposed System



**Logan Hickey**
Communications/
Scrum Manager

# Architecture Model → Current Major Task



**Irsyad Hanif**
Back End Lead

# Testing

## *Adaptive Testing*

~Handling fast turnover of project scope.

## *Acceptance Testing*

~Changing non-functional requirements to meet Toyota's.

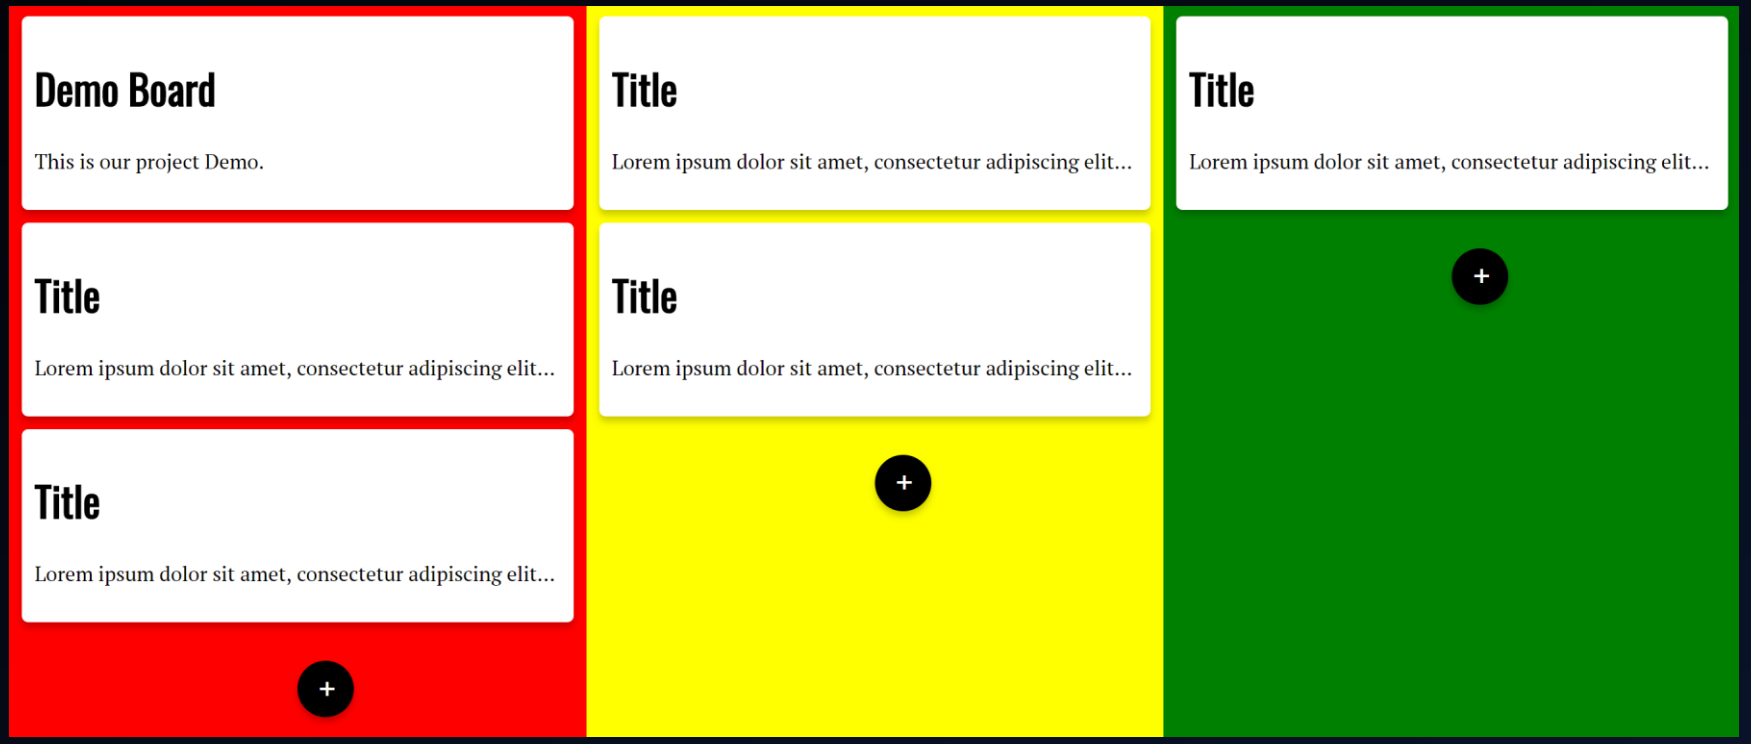
## *Unit Testing*

~Increasing complexity.

~Back-end linking problems = stand still for unit testing.

**Thomas Wheeler**
Project Manager

# Demo



**Jonah Starling**
Front End Lead

# Team Review

## *Lines of Code/Backlog*

~We currently have ~700 lines of code and are entering sprint #3

## *Product Size*

~40 active basic test cases

## *Product Effort*

~37.5 man hours per person, all group work

## *Project Defects*

~Backend linking.

~Card Disappearing Nuance.

**Logan Hickey**
Communications/
Scrum Manager
